

Staff Briefing #71

Interim Data Processing Manager

ADMHS wishes to express its gratitude to **Dana Fahey**, Contracts Analyst, for his willingness to serve as **Interim Data Processing Manager** while a replacement is sought for Daniel Milei through a national recruitment. Effective Monday, March 28, Dana will provide supervision for the MIS staff and its many exciting projects in process, as well as leading the Department's efforts to finalize its FY 05 - 06 contracts.

This temporary assignment utilizes Dana's technical skills, developed during his two year tenure supervising Automation and Technology Development for the San Luis Obispo Probation Department, and management skills honed during his prior employment in Washington state. As a Stephen F. Covey facilitator in the Seven Habits of Highly Effective People, Dana will have techniques to draw on to negotiate these two complex assignments.

During the transition period, Daniel Milei and Al Gately will continue to work for the Department. Though we have experienced rapid turnover in the management of the unit, we are fortunate that our talented staff members Jelena Pavlov, Robert Rankin, Greg Benton, Frank Crowley, Sari Domingues, Eva Shoemaker, Desdnie Grayson, Denise Sweeney and Steve Ruiz have been with us so long, and have such a history of technical knowledge and customer service orientation.
