

STAFF BRIEFING #96

March 1, 2006

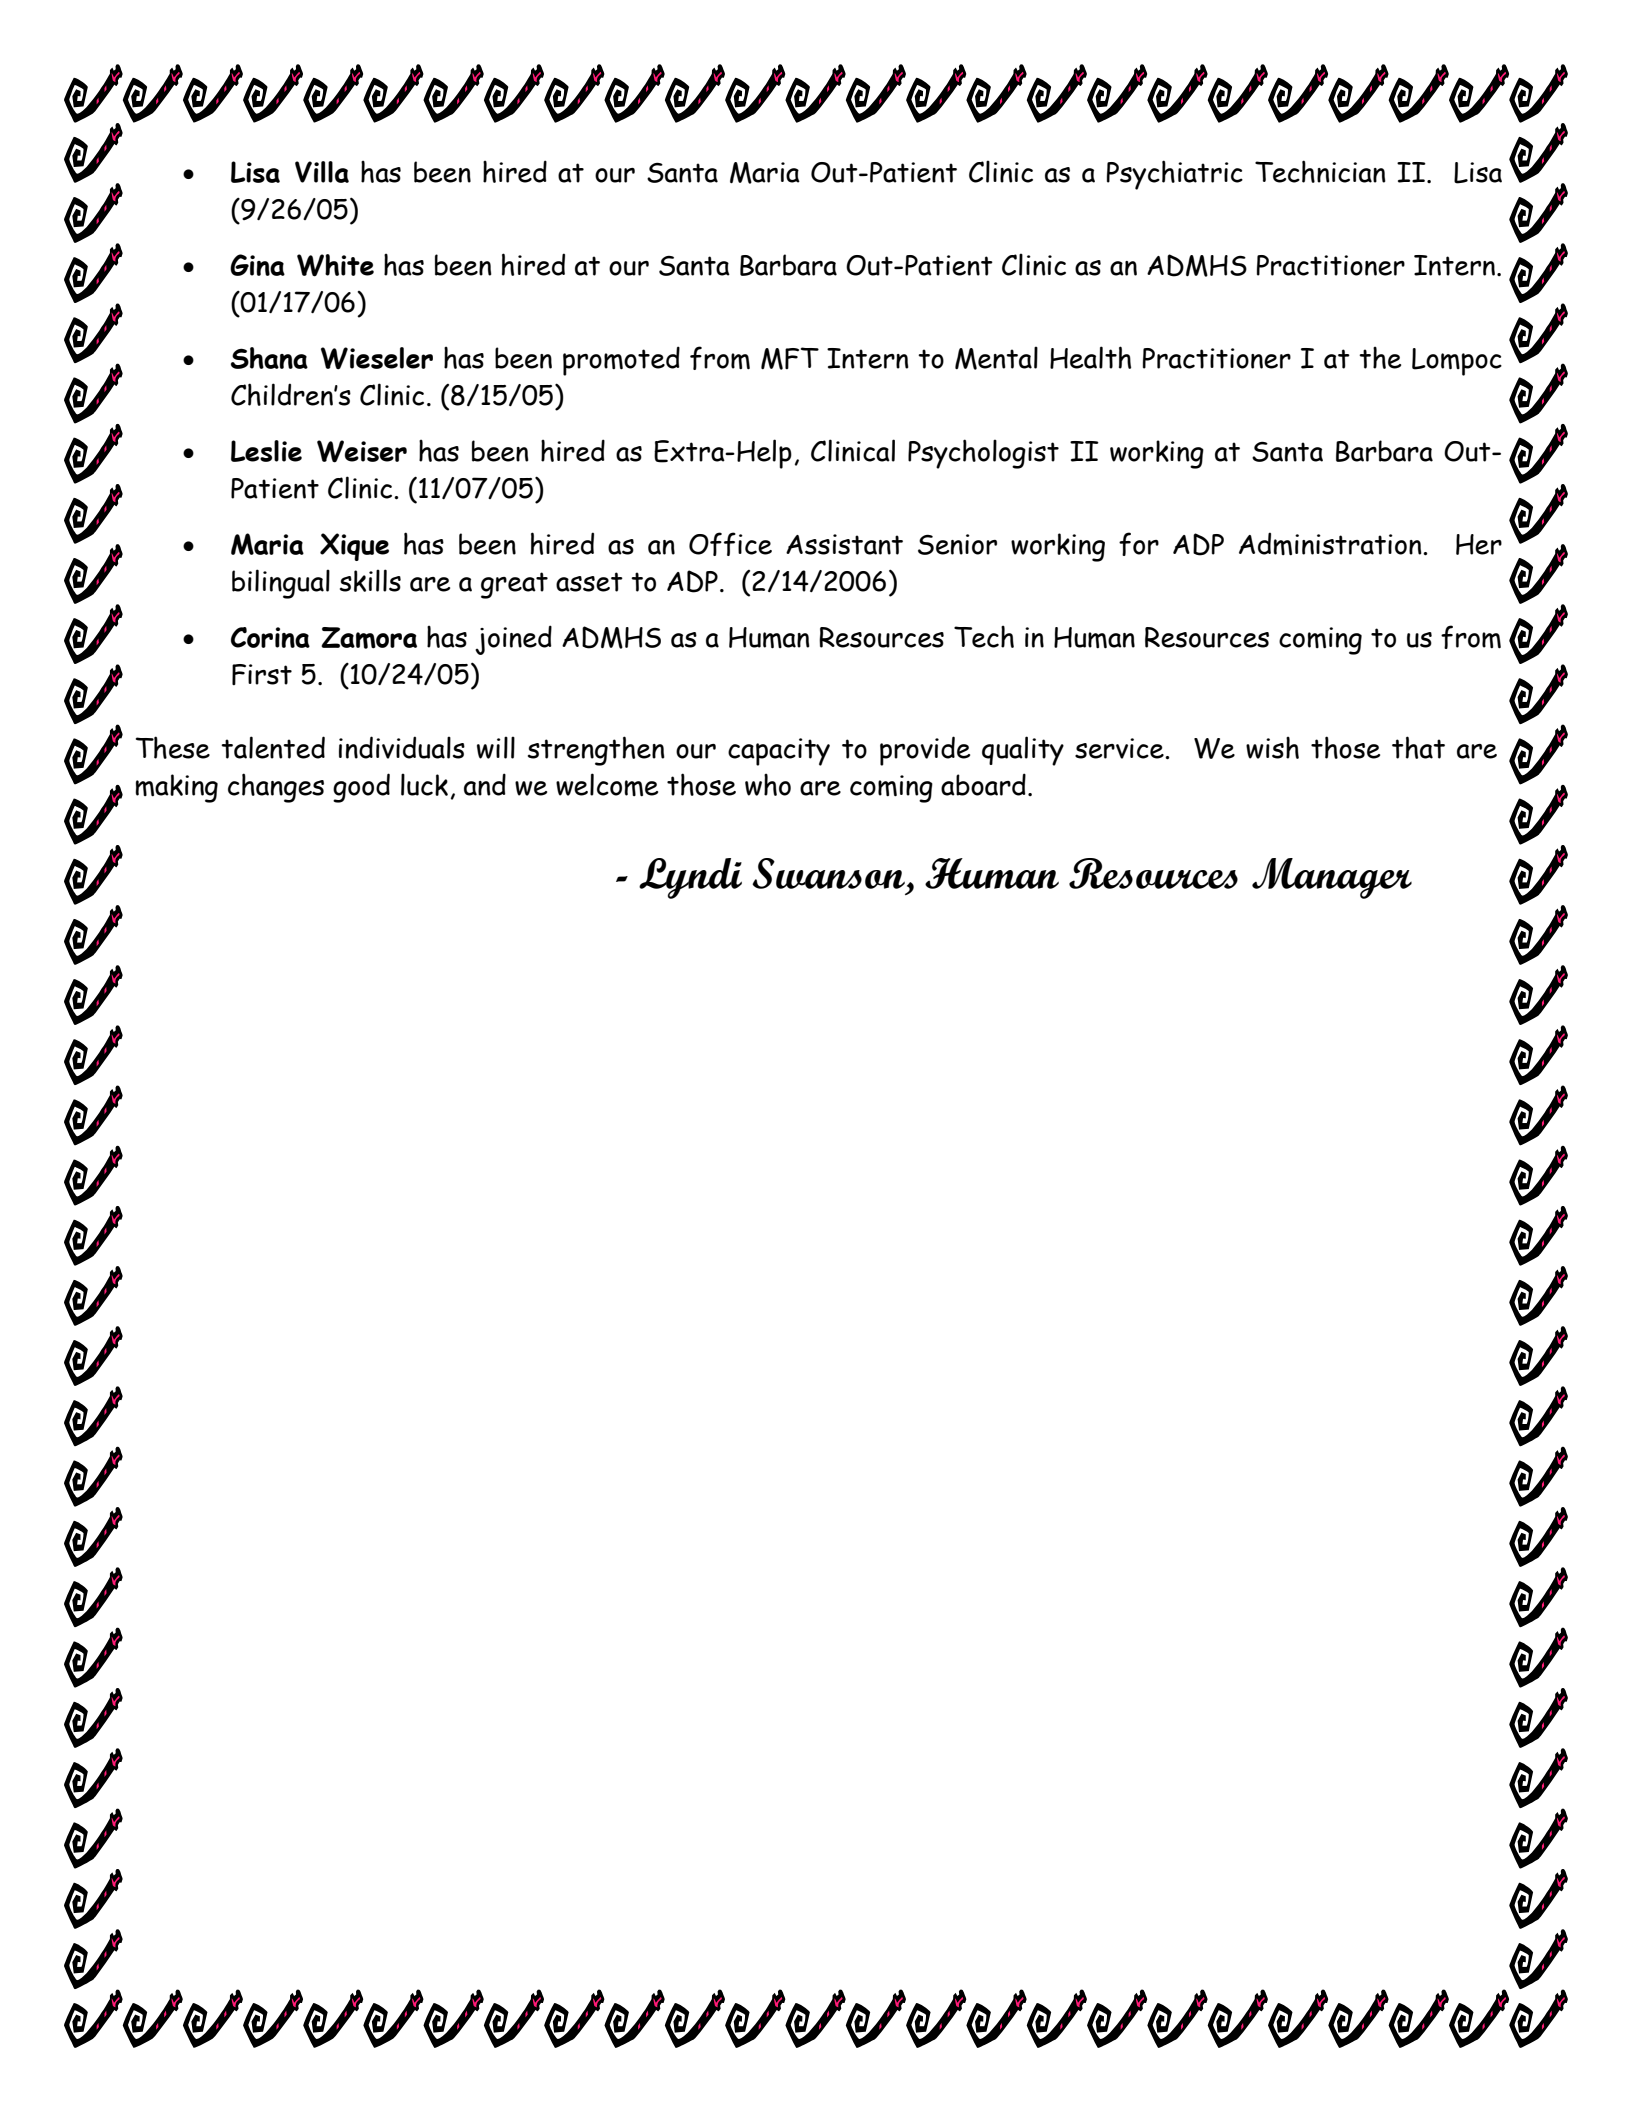

STAFF FOCUS: New Hires, Promotions, Transfers, & Departures

As Dr. Broderick expressed in the Staff Briefing outlining his Director's Initiative, staff at all levels are the most important resource this organization has in meeting the needs of our clients and the community we serve. To better communicate what is happening with staff at each site, every month the ADMHS Human Resources division will be sending out a Staff Briefing to keep you apprised of staffing changes such as new hires, promotions, transfers and departures. Below are the staffing changes that have occurred since August 2005. If we have missed anything, please let us know and we will include the information in the next Staff Briefing.
